MONEY IN SODA

An Important Enterprise Planned for Salt Lake.

WEALTH IN SALT WATER

Inland Crystal Salt Company Will Branch Out.

Will Establishea Plant for the Manufacture of Soda, Soda Ash, Bicarbonate of Soda, Lye, Etc.

Utah, famed throughout the entire country for her manifold resources and many and various enterprises, is to have an other new industry. The untold wealth of the waters of her great inland sea is to be extracted on a larger scale than heretofore, with the erection of a plant for the manufacture of soda and numerous other by-products of salt.

The plans for the erection of a plant for the extraction of these by-products from the salt waters are now under consideration by the management of the Inland Crystal Salt company. The plant, as conemplated, will cost in the neighborhood of \$10,000, and from present indications will built and in operation before midsum-

mer.
This plant, when constructed, will be the only industry of its kind in the entire West. At the present time all of the soda. the only industry of its kind in the entire West. At the present time all of the soda soda ash, bicarbonate of soda and concentrated lye are manufactured principally in Ponnsylvania and New York and shipped to all parts of the United States. With the ready facilities at hand, the manufacture of all these products will be made possible at a very low cost and prices will not only be lowered to the consumer here, but the commodities will be put in competition in the markets of the world.

The process by which these products are separated from the salt is not a difficult

The process by walch these products are separated from the salt is not a difficult one. At this season of the year the low temperature of the atmosphere is almost sufficient to perform a complete separation of the salt and the soda. Another inducement for the undertaking of this industry by the Inland company is the fact that in the manufacture of table salt it is necessary, in refining, to extract the soda and as the only object now is to refine the salt the other products are permitted to go to waste.

the said the other products are permitted to go to waste.

There are many other reasons why an enterprise of this nature should prove successful, aside from those already mentioned. Some of the by-products that will be manufactured are used to a large extent. tent in the reduction of ores by the cyanide process. It is well known that this process is largely employed in this and surrounding States, and a lowering of the price in the chemical agencies used will mean a cheapening of the processes of extraction and may lead to the working of ores which are now considered of too low grade to cyanide at profit.

The plans of the plant are now being considered by Col N. W. Clayton, manager, and others of the Inland company. This company at present employs about This company at present employs about forty men the year round, and in the fall the force is increased during harvest time to 100 or more. For the operation of this new plant a great many more men will be needed, and constant employment will be afforded then.

PICKS UP ODDS AND ENDS.

NEW TRUSTEE NAMED TO HAVE CUSTODY OF THE UTAH SOUTHERN BONDS.

The Southern Pacific is picking up odds in the legal department, and yesterday P. L. Williams, general attor-ney for the Oregon Short Line, filed a petition in the District court for a trustee in place of two dead men, W. H. Hooper of Salt Lake and Henry B. Hammond of New York. They were trustees for 422 first-mortgage bonds of Utah Southern issued in 1871 and now valued at \$1,525,000. Herbert B. Taylor of New York was appointed. There are but 424 in the whole series, and as soon as the other two are secured all will be canceled.

BANCROFT AND BERRY MAKE INSPECTION

Vice-President and General Manager Bancroft of the Union Pacific and Oregon Short Line and Chief Engineer Berry of the former road arrived last night from Omaha, having made inspections of the road at various points. At Pocatello they made a thorough examination of the im-mense shops. Whether General Superinmense shops. Whether General Superin-tendent Gruber will get here or not is not known. He is getting a thorough ac-quaintance with departments.

WISHES TO TAKE CATTLE ACROSS THE STATE

Gov. Wells received a telegram yesterday from James Wilson, Secretary of Agriculture, requesting permission to transport cattle through this State from the quarantined districts in southern California. The request was granted, provided the cattle were inspected by Federal authorities.

The reason for asking permission to take the cattle through the State was not explained, but it is believed that the owners are merely trying to ship the cattle to Eastern markets. Although they are to be taken from the quarantined districts they are not affected by the Texas fever, which has been raging among the cattle in southern California.

The request was granted on condition that a clean bill of health could be provided and an examination was made either in California or in Nevada.

Day's Society

many still cherish the old-time custom of sending tokens of affection on that day, the carriers and messengers of the city will doubtless have their hands full While the old-fashioned paper valentine has rather fallen from grace, the message of the modern valentine-be it a box of flowers, a heart-shaped box of sweets, heart pendants, lockets or stickpins-is quite as sentimental as were the messages sent by the beaux and belles full half a century age.

No more beautifully arranged cotillion has ever been given in Sait Lake than that of last evening, when Miss Judge entertained at the Ladies' Literary club The large platform in the main room was removed and the musicians stationed in the southwest corner behind a screen of palms. Over the windows and in the spaces between the windows were hung spaces between the windows were hung the richest of Oriental draperies and rugs. Over the chandeliers were masses of pluvnosa, showers of deep red chrysanthemums falling from each, the lamps themselves covered with Japanese lanterns. In the large reception hail, rugs, couches and cushions made inviting resting places. Here, too, delictous punch was served during the evening. Downstairs the reception hall was converted into a smoking-room, and was beautiful indeed with its cosy corners, handsome Oriental rugs and couches, Oriental lamps throwing a red light over the hall. In the dining-room one large table was used, in the center of which stood a tail cut-glass vase with a great cluster of American Beauties. Around the edge of the table broad red satin ribbon was lopped, and on either side of the vase of American Beauties were handsome silver candelabra, with candles and shades of red. There were five sets for the cotillion, the first clusters of deep red chrysanthemums, the second hats and ties, the third strings of hearts and owls, the fourth Valentine calendars, and the last cocked hats and fans. Col. Sturgis led the cotillion with Miss Judge. Assisting the hostess in receiving the log guests was her sister, Mrs John Woodward.

Mr. and Mrs. Walter G. Filer gave a very heavifully appointed dinner had the richest of Oriental draperies and rugs

Mr. and Mrs. Walter G. Filer gave a very beautifully appointed dinner last evening preceding the cotillion. Covers were laid for eight, the guests being Mr. and Mrs. George K. Fischer, Mrs. S. H. Babcock, Miss Buford, Mr. Toplift and Clarence K. McCornick. In the center of the table was a handsomely embroidered piece with masses of delicate ferns. At either end of the table was a silver candelabrum, with candles and shades of green, masses of plumosa covering the chandeller, the lamps of which were also shaded in green.

Several hundred guests enjoyed the altogether delightful dance given last evening at the University by the Alpha Pi society Both the gymnasium room and the museum hall were used for dancing, and very attractive they were with streamers and pennants in the school colors, palms and potted plants arranged all about the rooms, and beautiful flowers lending their beauty and fragrance. The chaperons were Gov. and Mrs. Wells, Dr. and Mrs. Kingsbury, Col. and Mrs. Holmes, Mr and Mrs. William W. Riter and Mrs. and Mrs. James E. Jennings.

Some 350 invitations have been issued by Col. and Mrs. Edwin F. Holmes for the reception at their home next Tuesday evening in honor of the officers and ladies of Fort Douglas. They will be assisted in receiving by Gov. and Mrs. Wells, Col. and Mrs. Bubb and Mayor and Mrs. Morris.

Mrs. Perry S. Heath entertains at luncheon next Thursday at her hone.

Miss Elizabeth Cosgriff left last evening for Denver, where she will join her brother, T. A. Cosgriff, and with a party of friends, go to Cuba and Palm Beach, Fla. They will be gone about six weeks.

PARTY LEADERS WILL GET BUSY

Chairman Anderson Gets Official No- James H. Clark, in Jail for Four tice of Republican National Convention

Chairman James H. Anderson of the Republican State committee is in receipt of a copy of the official call for the Republican national convention, to be held June 21st at Chicago. The call, in part,

'The Republican electors of the several States and Territories, the District of Columbia, Alaska and Indian Territory, and all other electors, without regard to past political affiliations, who believe in the principles of the Republican party and inderse its policies, are cordially invited to unite under this call in the selection of candidates for President and Vice-Presi-

candidates for President and Vice-President.

"Said national convention shall consist of a number of delegates-at-large from each State equal to double the number of United States Senators to which each State is entitled, and for each Representative-at-large in Congress, two delegates-at-large in Congress, two delegates and legates at he time and in the manner of electing the delegate."

This apportionment will give Utah six delegates and six alternates to the convention. The call provides that the delegates shall be elected not less than thirty days before the meeting of the national convention, and that all notices of contest must be submitted in writing and filed with the secretary of the national committee twenty days prior to the meeting of the national convention.

SMITH GOES UP HIGHER.

RESIGNS FROM CITY BOARD OF HEALTH TO TAKE POSITION WITH STATE BOARD.

Horace H. Smith, clerk of the City Board of Health, yesterday tendered his resignation, to accept a similar position with the State Board of Health, Mr. Smith felt that his present position was insecure, owing to the ascendency in power of the Democrats, and when the proffer of the better position was presented, he showed no hesitancy in accepting it. Mr. Smith's resignation follows in

full:
"I hereby tender my resign ion as clerk
of the Board of Health, same to be
effective Tuesday, February 15, 1504, in
order that I may accept another position order that I may accept that date. Ver. offered me and open on that date. Ver. respectfully, HORACE H. SMITH. "Clerk."

Mr. Smith has been a most efficient and conscientious clerk, and the records of the Health office have been kept in a most thorough manner. He has filled the posithorough manner. He has filled the posi-tion for the past four years, and his ex-perience during that time has well quali-fied him to assume the duties of the larger office. There are a number of people working for the appointment to the posi-tion made vacant by Mr. Smith's resigna-tion, but it is difficult to prognosticate which one will land the plum.

LADIES SCORE A SUCCESS.

FINE PROGRAMME OF SONGS. VIOLIN MUSIC AND READ-INGS.

It was a good musical audience last right that Miss Agatha Berkhoel, Miss Esther Allen and Mrs. C. E. Richards faced in the Congregational church and delighted with songs, violin music and readings. Miss Berkhoel was in particularly good voice and she showed its powers in selections calculated to set off powers in selections calculated to set off each quality. "Failth! Failah!" was encored twice, but the best of the first half of the programme was "Death and the Maiden" by Schubert. It is written in a low score and the deep voice of Miss Berkhoel was just suited to it. Her best effort, however, was the Bach-Gouned arrangement of "Ave Maria." which gave her a chance to put deep feeling into her tones. Miss Allon's best was a legend from Wieniawski, which was full of sentiment and intricate technique Mrs. Richards read several selections very acceptably and received hearty appliance. Miss Judith Evans played all the accompaniments and did it well and unobtrustively.

Spring is just around the corner, and so is Gordon, the tailor, in the Dooly block. He is showing all the fashion-able fabrics that will be worn the coming season.

LITTLE ELMER ROSE IN GREAT DEMAND

"I am ready and willing to give Elmer Rose into the custody of the Home-Finding association at any time," said Miss Katherine Page, 24 South Ninth East street. Miss Page hopes to adopt the child and has kept him at her home for several weeks. Mrs. S. V. Stickney of the association called at the place Thureday and demanded possession of the child. "I have no desire to keep him if the courts say that I cannot, but I have assurances from other members of the board that I have a right to keep him. As I understand it, Mrs. Stickney does not comprise the association."

In connection with the possession of the boy, Mrs. Stickney declares that Mrs. Morris, the child's grandmother in Missouri, also demands that he be given into her charge. The matter will be settled at a meeting of the board of the association which will be held within a few days.

Elmer Rose is the son of Frank Rose, who shot and killed his wife and surrendered to police officers. He is two and a half years of age.

TWO "PUBLISHERS" IN SERIOUS TROUBLE

W. L. Eppinger, who gives his occupation as 'publisher,' was arrested by
Detectives Chase and Raleigh yesterday
and locked up at the instance of the landlady of the Telluride rooming-house, who
claims that the man induced her to cash
a bogus check and also took a valuable
watch from her. Eppinger, who has been
cannected with an obscure weekly publication in this city, has been drinking
heavily and was doubtless under the influence of liquor if he committed the offenses alleged. William A. Lee, the other
weekly journalist under arrest, is still in
very bad condition as the result of whisky.
He imagined yesterday that he was being
clubbed and walked upon by Lillibutian
policemen two or three feet his

WRIT IS REFUSED BY SUPREME COURT

Years, Fails to Get Writ of Habeas Corpus.

The Supreme court yesterday declined to take cognizance of a petition for a writ of habeas corpus filed by James H. Clark, serving a four-year term in the State prison for grand larceny. The petition sets out that the petitioner, Z. and Albert Clark were charged with the lerceny of \$75 from C. F. Johnson on April 28, 1963, that Albert Clark was con-victed of raceiving stolen property and sentenced to six months in the county jail and to pay a fine of \$250, while the other two were each convicted of grand larceny and sentenced to four years in the peni-

tentlary.

The petition alleges that the three were charged jointly with the offense and that two could not have been convicted of larceny when the other was convicted of receiving stolen property, and that there-fore the District court had no jurisdiction and the sentence was illegal. The Su-preme court after having the matter un-der consideration for a few hours stated that the case was not properly before them and the petition will now be filed with District Judge Morse, who sentenced

JOSEPH M. JENSEN GETS \$21,000 JUDGMENT

Judge Morse yesterday rendered judgment for \$21,009.28 in favor of the piaintiff in the case of Joseph M Jensen against the Deep Creek Farm and Live-stock company et al. The action was over a lease entered into November, 1900, by which the defendant leased to the piaintiff \$130 head of sheep.

The complaint alleged that the sheep were not as represented and that the circumstances of their delivery were such that the piaintiff could not refuse to accept them at the time. The sheep were alleged to be diseased with scab and through losses in death and the inferior quality of the wool the plaintiff claimed camages in the sum of \$19,700. The case was tried in the District court, where judgment was rendered in favor of the plaintiff. It was afterward appealed to the Supreme court, where the judgment was affirmed.

TWO FILE PETITIONS IN BANKRUPTCY

John Hendrickson filed a petition in bankruptcy in the Federal court yester-day. He has been engaged in farming and in the retail liquor business at Nephl. The Habilities are given at \$23.95.28, with assets at \$7651. Augustine P Goodmanson filed a similar petition in the court. His Habilities were given at \$4000.91, with as-sets at \$140.

Court Notes.

The ground is desertion in another sult for divorce filed by William Begley against Lillie Begley. They were married in this city November 26, 1896.

Suit for divorce was filed in the District court yesterday by Della Lane against Adney H. Lane on the grounds of deser-tion and non-support. The couple inter-married at Council Bluffs, Ia, October 8, 1900. Suit was brought in the District court yesterday by the Strevell-Paterson Hardware company against the Majestic Copper Mining and Smelting company to secure judgment for \$253.06, alleged to be due for goods delivered by the plaintiff to the defendant.

The K. P. Mining company brought suit in the District court yesterday against Tony Jacobson to secure judgment in the sum of \$1500. This amount is alleged to be due as damages for alleged breach of contract on the part of the defendant for the performance of work on mining claims of the plaintiff.

A judgment was rendered against the city for \$156 by Judge Lewis yesterday in the suit brought by John Gabbott to recover that amount for services alleged to have been rendered in measuring water in the exchange made between the city and the farmers for Parley's water. Gabbott put his claim into the Council before bringing suit, but they refused to allow him more than \$59.

TALK ON BUSI-NESS.

SENATOR BAMBERGER TELLS L. D. S. STUDENTS TO DO MORE, AND TALK LESS.

A very entertaining address on "Business Methods' was made by Senator Simon Bamberger before the students of the Salt Lake and L. D. S. business colleges yesterday afternoon. Mr. Bamber-ger has the faculty of giving his words a practical turn, which adds immensely to their value, and his address cannot fall to be of benefit to those who heard it. The Senator recommended punctuality, truthfulness, courtesy and modesty as cardinal virtues in business. "Let the other man do the talking if you wish to deal with him," was one of the apothegms. Extravagance in expenditure, Mr. Bamberger declared, is almost a hatlonal evil and should be carefully avoided. He believes that any one who cultivates the proper qualities can be successful in business life. Before and after the lectura many musical selections were given. their value, and his address cannot fall to

WOLVES HELD AT BAY

A GREEDY PACK OF ILLS SUR-ROUND A CLERGYMAN'S WIFE.

Through the Arrival of Timely Aid She Escapes From the Terrors of a Prolonged Siege.

Certain encounters with physical ills resemble very closely the terror of an attack by ravenous beasts, which crowd around their victim in a gradually narrowing circle, filling him with a prolonged dread of certain destruction in the end.

The Rev. W. A. Denton of Girard, Crawford county, Kansas, tells the following story of a harrowing experience of one of the members of his family: "My wife," he says, "was assailed for fifteen years by a combination of allments, following the birth of our first child. Female weakness, rheumatism, dropsical tendencies, indigestion, torpid liver, nervousness, insomnia and irregularity of the heart's action were among them. The food she ate fermented in her stomach, she had frequent dizzy spells, her limbs were swollen, her nerves were quite shattered and she was many times on the verge of heart failure.

"Physicians gave her only temporary relief. Her youngest sister had used Dr. Williams' Pink Pills for Pale People with benefit for stomach difficulty. My brother-in-law had found them helpful for heart trouble, and several neighbors had given favorable reports about them. Finally my wife was induced to try them. She experienced improvement almost at once and continued to use them. They relieved her sleeplessnes, the smothering sensations have disappeared and have not annoyed her for years. They freed her from stomach trouble, and the dropsical tendency was mitigated. The progress of the rheumatic affection, which had begun to make her fingers crooked, was stayed and the pain was banished. In every respect they gave her more help than any other rem-edy she had ever used, and she is today in better health than for many years.

"Dr. Williams' Pink Pills have earned our full confidence. They are our staple household remedy, and I am in the habit of recommending them to all who suffer from troubles like those which afflicted

All the elements necessary to give new ife and richness to the blood and restore shattered nerves are contained, in a con-densed form, in Dr. Williams' Pink Pills for Pale People. They are also a specific for troubles peculiar to females, such as suppression, irregularities and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow checks. In men they effect a radical cure in all cases arising from mental strain, overwork or excesses of whatever nature. Dr. Williams' Pink Pills are sold in boxes (never in bulk), at fifty cents a box or six boxes for two dollars and fifty cents, and may be had of all druggists, or direct by mail from Dr. Williams Medicine Company, Schenectady, N. Y.
